The Original 4 Year Degree

What does a Glazier do?

Our trade works in all sections of construction Commercial, Residential and Industrial. The apprentice learns the preparation and installation of various types of glass, mirrors, shower doors residential windows, storefronts doors and metal, revolving doors and automatic doors. We also work on high rise buildings installing skylights, installing the metal and glass that wrap many of the buildings that you see in our major cities.

Glaziers on a High-rise

School

A Commercial Apprentice is required to complete 8000 hours (4 years). All apprentices are required to have minimum of 144 hours of trade related classroom instruction per year. Classes are currently held in the evenings.

Mock up curtain wall
