## INTRODUCTORY STATEMENT

The director of the Department of Labor and Industries appointed the Washington State Apprenticeship and Training Council (WSATC) as the regulatory body responsible for developing, administering, and enforcing apprenticeship program standards (Standards) for the operation and success of apprenticeship and training programs in the State of Washington. Apprenticeship program sponsors function, administer, or relinquish authority only with the consent of the WSATC. Furthermore, only apprentices registered with the supervisor or recognized under the terms and conditions of a reciprocal agreement will be recognized by the WSATC. Parties signatory to these standards of apprenticeship declare their purpose and policy is to establish and sponsor an organized system of registered apprenticeship training and education.

These Standards are in conformity and are to be used in conjunction with the Apprenticeship Rules, chapter 296-05 WAC (Washington Administrative Code); Apprenticeship Act, chapter 49.04 RCW (Revised Code of Washington); The National Apprenticeship Act, 29 U.S.C. (United States Code) 50; Apprenticeship Programs, Title 29 Part 29 CFR (Code of Federal Regulations); and Equal Employment Opportunity in Apprenticeship and Training, Title 29 Part 30 CFR which govern employment and training in apprenticeable occupations. They are part of this apprenticeship agreement and bind all signers to compliance with all provisions of registered apprenticeship. Additional information may need to be maintained by the program sponsor that is supplemental to these apprenticeship standards. This information is for purposes of ensuring compliance with decisions of the WSATC and the apprenticeship laws identified above.

If approved by the council, such amendment/s and such changes as adopted by the council shall be binding to all parties. Program sponsors shall notify apprentices and employer training agents (if applicable) of changes when they are adopted by the council. If and when any part of these Standards becomes illegal, as pertains to federal and/or state law, that part and that part alone will become inoperative and null and void, and the Department of Labor and Industries (Department) may adopt language that will conform to applicable law. The remainder of the Standards will remain in full force and effect.

Sections of these standards identified as bold "insert text" fields are specific to the individual program standards and may be modified by a sponsor submitting a revised standard for approval by the WSATC. All other sections of the standards are boilerplate and may only be modified by the WSATC.

See WAC 296-05-003 for the definitions necessary for use with these Standards.

### B. Equal Employment Opportunity Plan:

#### 1. Part I, Purpose:

- a. **Recognizing the need of local Apprenticeship Committees for assistance from the national level in complying with revised Congressional Federal Register Order 29-30, the three national joint committees, plumbing, steamfitter-pipefitter, and sprinkler fitter have prepared a Joint Affirmative Action Program for adoption at the local level.**
- b. **An analysis of female and minority participation in existing pipe trades apprenticeship programs indicates that:**

## SOUTHWEST WASHINGTON PIPE TRADES APPRENTICESHIP COMMITTEE

- (1) Some but not enough females and minorities apply.
  - (2) Still fewer females and minorities complete the application and meet the minimum requirements;
  - (3) On average, those who are eligible do well in the selection process;
  - (4) The solution to the problem lies in better notification to female and minority groups, closer liaison with responsible groups interested in the same endeavor, personal contacts, application follow-up, and other affirmative procedures.
- c. Adoption of this program indicates a good faith effort to increase the number of females and minority groups who successfully meet the minimum requirements established for admission to a pipe trades apprenticeship.
2. **Part II, Scope:**
- a. The program herein outlined consists of the following affirmative acts and may be altered and supplemented at a later date as experience indicates and as personnel and funds permit. Any changes made by the local Apprenticeship Committee shall become a part of this written program as adopted at the local level.
  - b. Recognizing that it would be a public disservice to develop second-rate journey level workers, the local Apprenticeship Committee will maintain its standards of producing high quality journey level workers and will provide extra training when necessary to the extent that cost and personnel permit.
3. **Part III, Elements of Recruitment Program:**
- The local Apprenticeship Committee shall:
- a. Participate in workshops, if available, designed to familiarize all concerned with the apprenticeship system and current opportunities.
  - b. Cooperate with school boards, community colleges and vocational schools to develop programs which prepare students for entrance into apprenticeship.
  - c. Disseminate information concerning equal opportunity - policies of the program sponsor(s).

## SOUTHWEST WASHINGTON PIPE TRADES APPRENTICESHIP COMMITTEE

- d. **Use minority and/or women (minority and/or non-minority) journey level workers and/or apprentices to promote the affirmative action program.**
  - e. **Select from lists of qualified applicants for apprenticeship, in other than ranking, so as to reach women (minority and non-minority) or minorities to meet goals and timetables.**
4. **Part IV, Nondiscrimination:**

**The commitments contained in this Affirmative Action Program are not intended and shall not be used to discriminate against any qualified applicant or apprentice on the basis of race, color, religion, national origin, or sex. The sponsor shall take affirmative action to provide equal opportunity in apprenticeship and will operate the apprenticeship program as required under applicable law and lawful regulations issued thereunder.**

### Discrimination Complaints.

Any apprentice or applicant for apprenticeship who believes they have been discriminated against may file a complaint (WAC 296-05-443).

## **IV. TERM OF APPRENTICESHIP:**

The minimum term of apprenticeship must not be less than 2000 hours of reasonably continuous employment in each occupation identified in these Standards. The term of apprenticeship must be stated in hours of employment [WAC 296-05-316(1)].

- B. The term of apprenticeship for Maintenance Plumber/Steamfitter shall be 8,000 hours of reasonably continuous employment.**
- C. The term of apprenticeship for Residential Plumber and Marine Pipefitter shall be 6,000 hours of reasonably continuous employment.**

## **V. INITIAL PROBATIONARY PERIOD:**

All apprentices are subject to an initial probationary period, stated in hours or months of employment for which they receive full credit toward completion of apprenticeship. Advance credit/standing will not reduce the initial probationary period. The initial probationary period [WAC 296-05-316(22)]:

## **SOUTHWEST WASHINGTON PIPE TRADES APPRENTICESHIP COMMITTEE**

1. Is the period following the apprentice's registration into the program and during which the apprentice's appeal rights are impaired. The initial probation must not exceed twenty percent (20%) of the term of apprenticeship or one year from date of registration, unless an exemption by the WSATC has been granted for longer probationary periods as specified by Civil Service or law.
2. Is the period that the WSATC or the supervisor of apprenticeship may terminate an apprenticeship agreement at the written request by any affected party. The sponsor or the apprentice of the apprenticeship agreement may terminate the agreement without a hearing or stated cause. An appeal process is available to apprentices who have completed the initial probationary period.
  - A. **The probationary period for Plumber, Steamfitter, and HVAC/Refrigeration Mechanic apprenticeship shall be the first 2,000 hours of employment.**
  - B. **The probationary period for Maintenance Plumber/Steamfitter shall be the first 1,600 hours of employment.**

### **VI. RATIO OF APPRENTICES TO JOURNEY LEVEL WORKERS:**

Supervision is the necessary education, assistance, and control provided by a journey-level employee that is on the same job site at least seventy-five percent of each working day, unless otherwise approved by the WSATC. The sponsor will assure that apprentices are under the supervision of competent and qualified journey-level workers on the job who are responsible for the work being performed, to ensure safety and training in all phases of the work. Apprentices will work the same hours as journey-level workers, EXCEPT where such hours may interfere with related/supplemental instruction [WAC 296-05-316(5)].

#### **A. Ratio for HVAC/R Refrigeration Mechanics, Plumbers, Steamfitters, and Maintenance Plumber/Steamfitter Apprentices:**

**The ratio shall not exceed one (1) apprentice to one (1) journey-level worker on any jobsite or in the shop.**

#### **B. Ratio for Residential Plumbers Apprentices:**

**The ratio shall not exceed two (2) apprentices to one (1) certified specialty plumber or journey-level plumber working as a specialty plumber on any one jobsite.**

## **SOUTHWEST WASHINGTON PIPE TRADES APPRENTICESHIP COMMITTEE**

**This exemption to the ratio for residential plumbers was given final approval at the April 2009 WSATC quarterly meeting.**

### **C. Ratio for Marine Pipefitter Apprentices:**

**The ratio shall not exceed one (1) apprentice to one (1) journey-level Marine Pipefitter on any one jobsite.**

### **D. All Residential Plumber and HVAC/Refrigeration Mechanic Apprentices performing service work shall be allowed to work alone with the following conditions.**

- 1. Service work hours are 6:00 a.m. - 6 p.m., Monday - Saturday.**
- 2. Residential Plumber and HVAC/Refrigeration Mechanic Apprentices shall be able to contact a journey-level worker or supervisor for answers and advice.**
- 3. The journey-level work or supervisor shall ensure that the Apprentice is receiving their on-the-job training and shall be responsible for their health and safety.**

**Any exception to the above must be pre-approved by the Coordinator or the Committee.**

## **VII. APPRENTICE WAGES AND WAGE PROGRESSION:**

The apprentice will be paid a progressively increasing schedule of wages based on specified percentages of journey-level wage consistent with skills acquired [WAC 296-05-316(27)]. These may be indicated in hours or monthly periods set by the sponsor. The entry wage will not be less than the minimum wage prescribed by the Fair Labor Standards Act, where applicable, unless a higher wage is required by other applicable federal law, state law, respective regulations, or by collective bargaining agreement.

The sponsor may accelerate, by an evaluation process, the advancement of apprentices who demonstrate abilities and mastery of the occupation to the level for which they are qualified. When the apprentice is granted advanced standing the sponsor must notify the employer/training agent of the appropriate wage per the wage progression schedule specified in these Standards.

**IX. RELATED/SUPPLEMENTAL INSTRUCTION:**

The apprentice must attend related/supplemental instruction (RSI). Time spent in related/supplemental instruction shall not be considered as hours of work and the apprentice is not required to be paid for time spent in related/supplemental instruction.

The sponsor and training agent must provide for instruction of the apprentice during the related/supplemental instruction in safe and healthful work practices in compliance with the Washington Industrial Safety and Health Act, and applicable federal and state regulations.

Clock hours of actual attendance by the apprentice in related/supplemental instruction classes at the community/technical college or other approved training locations shall be reported to the Department on a quarterly basis. Such reports will clearly identify paid versus unpaid and supervised versus unsupervised RSI time for industrial insurance purposes.

For industrial insurance purposes, the WSATC will be considered as the employer should any supervised apprentice, not being paid to attend RSI, sustain an injury while participating in related/supplemental classroom activity, or other directly related activity outside the classroom. The activities must be at the direction of the instructor.

In case of failure on the part of any apprentice to fulfill the obligation to attend RSI, the sponsor has authority to take disciplinary action (see Administrative/Disciplinary Procedures section).

The methods of related/supplemental training must consist of one or more of the following (please indicate by checking those that apply):

- Supervised field trips
- Approved training seminars (specify)
- A combination of home study and approved correspondence courses (specify)
- State Community/Technical college: **Bates Technical College**
- Private Technical/Vocational college
- Training trust
- Other (specify): **JATC Training Facility. Other classes/courses and facilities approved by the JATC.**

**216** Minimum RSI hours per year defined per the following (see WAC 296-05-316(6)):

## SOUTHWEST WASHINGTON PIPE TRADES APPRENTICESHIP COMMITTEE

- ( ) twelve-month period from date of registration.\*
- ( ) defined twelve-month school year: (insert month) through (insert month).
- (X) two-thousand hours of on the job training.

*\*If no selection is indicated above, the WSATC will define RSI hours per twelve-month period from date of registration.*

Additional Information:

**A minimum of 216 hours per year in classes and subjects related to the trade.**

### **X. ADMINISTRATIVE/DISCIPLINARY PROCEDURES:**

Sponsors may include in this section requirements and expectations of the apprentices and training agents and an explanation of disciplinary actions that may be imposed for noncompliance. The sponsor has the following disciplinary procedures that they may impose: Disciplinary Probation, Suspension, or Cancellation.

Disciplinary Probation: A time assessed when the apprentice's progress is not satisfactory. During this time the program sponsor may withhold periodic wage advancements, suspend or cancel the apprenticeship agreement, or take further disciplinary action. A disciplinary probation may only be assessed after the initial probation is completed. During the disciplinary probation, the apprentice has the right to file an appeal of the sponsor's action with the WSATC (as described in WAC 296-05-009).

Suspension: A suspension is a temporary interruption in progress of an individual's apprenticeship program that may result in the cancellation of the Apprenticeship Agreement. Could include temporarily not being allowed to work, go to school or take part in any activity related to the Apprenticeship Program until such time as the sponsor takes further action.

Cancellation: Refers to the termination of an apprenticeship agreement at the request of the apprentice, supervisor, or sponsor. [as described in WAC 296-05-316(22)].

#### A. General Procedures

- 1. In order to maintain a satisfactory balance in the training program, apprentices shall not be permitted to change their trade classification after being registered. However the committee reserves the right to implement trade classification changes whenever it becomes necessary in order to prevent imbalances that may occur due to economic and market conditions.**
- 2. Apprentices may be allowed to work alone during the final year of their apprenticeship provided approval is granted by the Apprenticeship**

## **SOUTHWEST WASHINGTON PIPE TRADES APPRENTICESHIP COMMITTEE**

**Committee. The employer must-submit a formal written request to the Committee and they will consider each request on an individual basis.**

- 3. In case of failure on the part of the apprentice to fulfill his/her obligations as to classroom attendance, job performance or satisfactory work habits, the Apprenticeship Committee shall have the authority to suspend or revoke the apprentice's agreement. The employer and the union agree to carry out the instructions of the Committee in this regard. The apprentice agrees to abide by any such determination by the Committee, subject to the normal appeal procedures as spelled out in these Standards.**
- 4. The apprentice shall be evaluated by the Committee every six (6) months to determine eligibility for advancement in the training program and receiving the next scheduled pay increase. In these evaluations, consideration shall be given to school attendance, progress and daily employment record of the apprentice. Failure to achieve a passing grade on these evaluations may result in an extension of the apprentice's completion date and a corresponding delay in the apprentice's next pay increase as deemed necessary by the Committee.**

**Apprentices must maintain a satisfactory passing grade (i.e. C, 2.0, 70%) during the school year or they may be dropped from the apprenticeship program.**

- 5. A maximum of two (2) absences in a school year may be allowed for.**
  - a. Illness of the apprentice (must be verified).**
  - b. Shift work or overtime.**
  - c. Death in immediate family.**
  - d. Any other reason deemed appropriate by the Committee.**
- 6. Three (3) absences from class during the entire year will result in the apprentice's completion date being extended and additional three (3) months with a corresponding additional three (3) months delay in the apprentice's next scheduled pay increase. Any exceptions to this policy will be considered by the Committee at the apprentice's written request.**

**Four (4) absences from class during the entire year will result in the apprentice's completion date being extended an additional six (6) months with a corresponding additional six (6) months delay in the apprentice's next scheduled pay increase. Any exceptions to this policy will be considered by the Committee at the apprentice's written request.**

**Five (5) absences from class during the entire year will result in the apprentice being dropped from the apprenticeship program. Lateness for class or leaving early may be deemed by the Committee to be an unexcused**

## **SOUTHWEST WASHINGTON PIPE TRADES APPRENTICESHIP COMMITTEE**

**absence for the apprentice. Any exceptions to this policy will be considered by the Committee at the apprentice's written request.**

- 7. Text books and material shall be purchased by the apprentice before entering class in the fall. The apprentice shall be responsible for shop equipment and any loss shall be billed to the apprentice. The apprentice will be required to pay all necessary tuition costs each year.**
- 8. If an apprentice is fired for cause or quits on his/her own, he/she will not be redispached until he/she appears before the Apprenticeship Committee at their next meeting and is subsequently released by the Committee as eligible for work. Any exceptions to this policy will be considered by the Committee at the apprentice's written request.**
- 9. In the interest of safety and the image of our trade, apprentices will maintain cleanliness and overall appropriate appearance according to industry standards, both in related training classes as well as on the job, according to the best judgment of the Apprenticeship Committee. Failure to abide by the requirements of this sub-section may be deemed cause by the Committee for invoking disciplinary action similar to the unexcused absence penalties outlined in sub-section "5".**
- 10. If the apprentice fails to appear before the Apprenticeship Committee after due notice, disciplinary action may be invoked without a hearing.**
- 11. Temporary employment of registered apprentices from neighboring JATC shall be permitted whenever local apprentices are not available or whenever special skills are called for. The employer shall, within ten (10) days of written notification, terminate the temporary apprentice. Notification to be provided by the JATC's designee as to the day and time local apprentices become available for such employment.**
- 12. The apprentice shall read the above instructions and be thoroughly familiarized with their content. The apprentice shall keep a copy for ready reference at all times. The apprentice is cautioned that the penalties are automatic and failure to read the regulations will be no excuse.**
- 13. It shall be the apprentice's responsibility to return to the JATC office a completed monthly progress record by the tenth (10th) of each month. For each month an apprentice fails to return a completed monthly progress record, the date of their next wage advancement will be extended by one month. Apprentices that fail to return more than three monthly progress records in any one year will be called before the committee for disciplinary action. Any exceptions to this will be considered by the JATC at the apprentice's written request.**

## SOUTHWEST WASHINGTON PIPE TRADES APPRENTICESHIP COMMITTEE

- 14. All Plumber apprentices must pass the Washington State Labor & Industries Journeyman Plumber Certification & Medical Gas Piping Installer endorsement exams before they will be turned out as a journey-level worker. Residential Plumber apprentices must pass the Washington State Labor & Industries Specialty Certification Exam before they will be turned out as a Residential journey-level worker. Any exceptions to this policy will be considered by the Committee at the apprentice's written request.**
- 15. Once an apprentice has completed the required related supplemental instruction and the required hours of on-the-job training, the apprentice will have 90 days to provide documentation that all appropriate exams have been passed, resulting in possession of appropriate certifications, and licenses. Failure to provide documentation of exam results and proof that certification and licensing requirements are met within the 90 day timeframe will result in suspension from the program. Failure to provide passing exam results, and proof of required certifications and licenses to the JATC within 60 days of the suspension will result in termination from the program. ## XI. COMMITTEE – RESPONSIBILITIES AND COMPOSITION

NOTE: The following is an overview of the requirements associated with administering an apprenticeship committee and/or program. These provisions are to be used with the corresponding RCW and/or WAC.

The sponsor is the policymaking and administrative body responsible for the operation and success of this apprenticeship program. A committee is responsible for the day-to-day operations of the apprenticeship program and they must be knowledgeable in the process of apprenticeship and/or the application of chapter 49.04 RCW and chapter 296-05 WAC. Sponsors must develop procedures for:

A. Committee Operations (WAC 296-05-316): (Not applicable for Plant Programs)  
Convene meetings at least three times per year of the program sponsor and apprenticeship committee attended by a quorum of committee members as defined in the approved Standards. If the committee does not indicate its definition of quorum, the interpretation will be “50% plus 1” of the approved committee members. Conference call meetings may be conducted in lieu of regular meetings but must not exceed the number of attended meetings and no disciplinary action can be taken during conference call meetings.

B. Program Operations (Chapter 296-05 WAC - Part C & D):

1. The program sponsor will record and maintain records pertaining to the administration of the apprenticeship program and make them available to the WSATC or Department on request.

Records required by WAC 296-05-400 through 455 (see Part D of chapter 296-05 WAC) will be maintained for five (5) years; all other records will be maintained for three (3) years.

2. The sponsor will submit to the Department through the assigned state apprenticeship consultant the following list:

    - 1st half: January through June, by July 30
    - 2nd half: July through December, by January 31
3. The program sponsor will adopt, as necessary, local program rules or policies to administer the apprenticeship program in compliance with these Standards that must be submitted for Department approval and updating these Standards. The apprenticeship program manager may administratively approve requests for revisions in the following areas of the Standards:
- Program name
  - Sponsor’s introductory statement (if applicable)
  - Section III: Conduct of Program Under Washington Equal Employment Opportunity Plan
  - Section VII: Apprentice Wages and Wage Progression
  - Section IX: Related/Supplemental Instruction
  - Section XI: Committee - Responsibilities and Composition (including opening statements)
  - Section XII: Subcommittees
  - Section XIII: Training Director/Coordinator
4. The sponsor will utilize competent instructors as defined in WAC 296-05-003 for related/supplemental instruction. Furthermore, the sponsor will ensure each instructor has training in teaching techniques and adult learning styles, which may occur before or within one year after the apprenticeship instructor has started to provide instruction.

### C. Management of Apprentices:

1. Each apprentice (and, if under 18 years of age, the parent or guardian) will sign an apprenticeship agreement with the sponsor, who will then register the agreement, with the Department before the apprentice attends the related/supplemental instruction classes, or within the first 30 days of employment as an apprentice. For the purposes of industrial insurance coverage and prevailing wage exemption under RCW 39.12.021, the effective date of registration will be the date the agreement is received by the Department.

## **SOUTHWEST WASHINGTON PIPE TRADES APPRENTICESHIP COMMITTEE**

The Department must be notified within 30 days of program approval, of all requests for disposition or modification of agreements, with a copy of the minutes approving the changes, which may be:

- Certificate of completion
  - Additional credit
  - Suspension (i.e. military service or other)
  - Reinstatement
  - Cancellation and/or
  - Corrections
2. Rotate apprentices in the various processes of the skilled occupation to ensure the apprentice is trained to be a competent journey-level worker.
  3. Periodically review and evaluate apprentices before advancement to the apprentice's next wage progression period. The evidence of such advancement will be the record of the apprentice's progress on the job and during related/supplemental instruction.
  4. The sponsor has the obligation and responsibility to provide, insofar as possible, continuous employment for all apprentices in the program. The sponsor may arrange to transfer an apprentice from one training agent to another or to another sponsor when the sponsor is unable to provide reasonably continuous employment, or they are unable to provide apprentices the diversity of experience necessary for training and experience in the various work processes as stated in these Standards. The new sponsor or training agent will assume all the terms and conditions of these Standards. If, for any reason, a layoff of an apprentice occurs, the apprenticeship agreement will remain in effect unless canceled by the sponsor.
  5. An apprentice who is unable to perform the on-the-job portion of apprenticeship training may, if the apprentice so requests and the sponsor approves, participate in related/supplemental instruction, subject to the apprentice obtaining and providing to the sponsor written requested document/s for such participation. However, time spent will not be applied toward the on-the-job portion of apprenticeship training.
  6. Hear and adjust all complaints of violations of apprenticeship agreements.
  7. Upon successful completion of apprenticeship, as provided in these Standards, and passing the examination that the sponsor may require, the sponsor will recommend that the WSATC award a Certificate of Completion of Apprenticeship. The program will make an official presentation to the apprentice that has successfully completed his/her term of apprenticeship.

## SOUTHWEST WASHINGTON PIPE TRADES APPRENTICESHIP COMMITTEE

### D. Training Agent Management:

1. Offer training opportunities on an equal basis to all employers and apprentices. Grant equal treatment and opportunity for all apprentices through reasonable working and training conditions and apply those conditions to all apprentices uniformly. Provide training at a cost equivalent to that incurred by currently participating employers and apprentices. Not require an employer to sign a collective bargaining agreement as a condition of participation.
2. Determine the adequacy of an employer to furnish proper on-the-job training in accordance with the provisions of these Standards. Require all employers requesting approved training agent status to complete an approved training agent agreement and comply with all federal and state apprenticeship laws and the appropriate apprenticeship Standards.
3. Submit approved training agent agreements to the Department with a copy of the agreement and/or the list of approved training agents within thirty days of committee approval. Submit rescinded approved training agent agreements and/or the list of approved training agents to the Department within thirty days of said action.

### E. Composition of Committee: (see WAC 296-05-313)

Apprenticeship committees must be composed of an equal number of management and non-management representatives composed of at least four members but no more than twelve. If the committee does not indicate its definition of a quorum, the interpretation will be "50% plus 1" of the approved committee members.

Apprenticeship committees shall elect a chairperson and a secretary who shall be from opposite interest groups, i.e., chairperson-employers; secretary-employees, or vice versa; EXCEPT, this does not apply where the Registration Agency represents the apprentice(s).
